

## The Observed Calendar of the Second Temple Dates For 2018

The Observed Calendar of the Second Temple Era was used by the official priests of the Second Temple from at least 520 BC to 163 AD, which is about 35 generations. This is an astronomically based calendar using the visual new crescent moons and the equinoxes. It is anticipated that the reader has read the full Calendar Presentation, [http://www.120jubilees.com/Member\\_PageCalendar1.php](http://www.120jubilees.com/Member_PageCalendar1.php).
